Ways to enjoy the River Test in and around Whitchurch Silk Mill #2

Be inspired by our river-related events and exhibitions.

Throughout the year there is always something new happening to get your creative juices flowing. This summer we hosted open-air Shakespeare productions alongside the river, and even our friendly ducks took an interest.

Our younger visitors had fun learning new crafts at our Make & Take Summer Holiday craft sessions. There was a session making dragonflies, just like those that can be spotted around the site.

We start our winter 2019/2020 season with “The River Test’s Journey” (7 September – 24 November), an exhibition showcasing the journey of Peter Gilbert and Hugh Lohan as they painted and photographed the stunning River Test.
